

## ART PORTRAIT PACKAGES: (PRICES SUBJECT TO CHANGE)

Art portraits are custom shoots, designed not only to be photos, but unique artworks to be printed and displayed. Think of it as more like commissioning a painter to create an artwork, like in old times, to preserve the subject at their best or as they dream to be.

Themes can be otherworldly, fairytale, fantasy, bridal, with an exotic pet or anything else that excites you! Just bring your ideas to our consultation.\*
